

Spaceplace

It's Common Sc(i)ence..

Peter Ingram FRAS.

From BBC TV, Anglia TV and BBC Radio Cambridgeshire
presents

Astronomy for Schools

Illustrated astronomy shows for 7 year olds and over
Rocks from Space !

An exciting and entertaining slide show using rare archive slides and up to date Hubble images.

I show you how **Asteroids**, **Comets**, **Meteorites** and **Meteors** are made,
where they come from and where and when they landed.

Are we all doomed!

Find out when the next impact will destroy the whole
Planet ?

You will all hold real **Meteorites** from the vast incalculable depths
of space and time. Guess how far they have travelled.

And I now I have a 6cm. piece of the moon!

Education and fun for the whole school.
! FREE !

CD's, Charts, GAMES, Posters, LEARNING ACTIVITIES, Books, BOOKLETS, Pamphlets,
DIAGRAMS, papers, MAGAZINES Broadsheets.....and Much, Much More.

Any number of children only £1.00 per head plus 45p / mile travel.

Show duration 1 hr.
